

Updated VA/DoD Clinical Practice Guideline: The Management of Adult Overweight and Obesity

Program Description:

Educate members of the healthcare team on key principles of the 2020 VA/DoD CPG The Management of Adult Overweight and Obesity. This live knowledge-based webinar will provide important information to members of the health care teams about managing patients who are overweight or obese. Listening to the webinar will assist them to deliver high-quality, evidence-based care to all overweight and obese patients. These disorders have an important impact on the well-being of active duty service members, Veterans, and their families. This webinar will assist health care teams better understand how the guideline was developed, how to use it, and which interventions can provide the most benefit to their patients.
