

Are you worried about

your risk of **stroke**?

There are many risk factors for a Stroke including:

- Tobacco Use
- High Blood Pressure
- Diabetes
- High Cholesterol
- Family History
- Heart Disease
- Age
- Obesity

Know Your Risk!

Ask your healthcare provider about your 10 year CVD risk

For more information see the VA/DoD Clinical Practice Guideline: Management of Stroke Rehabilitation
<https://www.health.mil/Military-Health-Topics/Access-Cost-Quality-and-Safety/VADOD-CPGs>

Additional calculators are available from the American Heart Association and the American College of Cardiology

<https://professional.heart.org/en/guidelines-and-statements/prevent-calculator>

<https://tools.acc.org/ascvd-risk-estimator-plus/#!/calculate/estimate/>

What can I do to reduce my risk?

Quit Smoking

Eat a Healthy Diet

Increase Physical Activity

Follow Recommended Treatment Plan

Achieve Optimal Weight

Control Blood Pressure

Know your risk

-And lower it!
